1. Some 400 employees of the Communist Harbin Municipal Government were discharged in early December and ordered to form a Rural Work Corps. Members of this group are trained for one month in Communism, group discussions, spiritual training, the principle of their work, etc. After completion of their training they are sent to the rural districts for work.
2. Fifty lower officials have been chosen from the municipality and ordered to organize a Welfare Production Corps. Their purpose is to help the families of their employees.

This document contains information affecting the national defense of the United States within the meaning of the Espionage Act, 50 U.S.C. 31 and 32, as amended. Its transmission or the revelation of its contents in any manner to an unauthorized person is prohibited by law.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 15 October 1973 from the Director of Central Intelligence to the Archivist of the United States.
